

SUN BEAMS

By WALTER M. BARRETT

Truckee did splendidly at the fair in Grass Valley last weekend. Not particularly because of the awards won, but principally because of the attention drawn to the eastern part of the county. We are more or less isolated from our seat of government and strangers to the western section of our fine county, but our desire to be a part of and share in all blessings of the county was manifest in Truckee's participation in the fair. There were even those at the fair we were informed, who were surprised to learn that Truckee was in Nevada County. Fortunately this belief is not shared by many, but we can, through just such manifestations, prove conclusively that we are not only a section of the county, but an important unit.

Our attention was directed this week to one of the most unnecessary as well as unsightly displays of poor citizenship we have encountered for some time. Some one, evidently with no thought for his neighbors nor himself dumped a large load of refuse beside the state highway virtually in the residential part of Truckee. It was no sooner discovered than the efficient highway crews had it cleared but that offers no excuse for the culprit. Our garbage collection fees here are small and the service good leaving no excuse for such a misdeed.

The Parent Teachers Association is sponsoring a reception Friday night for our teachers and we would suggest that everyone who can possibly attend to do so. A fine program is being arranged and everyone is invited. No harm can come from showing the schools that the community is really interested in their welfare.

With the approach of the fall season Truckee is again confronted with a serious problem and one for which there is apparently no answer. We speak of the unfortunate transients who use Truckee as the gateway to reach the land of promise—California—but unfortunately get no further than the gate before they get stranded, broke, perhaps hungry and with no hope except to beg a few dimes to continue their journey. Each day sees men, women and children on our streets seeking financial aid. No doubt some are deserving and many are actually in dire need, but there is where the sticker comes in the problem. We cannot be expected to support the hundreds who flock to our streets en route to what they hope are better days, and yet we cannot see them go hungry. Under our present relief setup, national and state, such conditions should not exist and yet there they are and what can we do about it?

50 BUCKS PASSED UP AS HUNTER LOST IN MARTIS AREA

Within shooting distance of 50 nice bucks, armed with a powerful rifle and a valid hunting license, but not a carcass to show for the trek, was the unusual experience of Halley R. Otwell of Roseville who was lost while hunting in the Martis Peak region Sunday.

Otwell became separated from his companions, Robert Lynch, Peter Leggett and son, Clifford of Roseville and M. Thomas of Sacramento, and wandered until the rain Sunday night forced him to seek shelter beneath a tree.

On Monday, Officer F. E. Walker and Bud Walker with Constable Harry Johanson, found the man after they and a troop of CCC boys had searched for many hours.

Otwell was wet, tired and hungry but unharmed, although he regretted not being able to bag a buck because he did not know where to take it or how.

Sparks Sunday School Wins First Of Contest

The Methodist Sunday School of Sparks won the banner for the first Sunday in the attendance contest with the Community Sunday School of Truckee, winning with an attendance of 56 against 53 here. The local school expects to go beyond last Sunday's attendance this week.

WORK HALTED

The recent storm compelled work to cease in the vicinity of Meadow Lake where Supervisor Alex Robertson had a crew of men working for the past two months. With about six inches of snow on the ground Monday, they broke camp and moved all the county equipment to town.

Sleeping Man Escapes Death In Local Fire

Cabin Razed In Two Blazes As Occupant Is Injured

DEPARTMENT CALLED

Second Fire Here Completely Destroys Cabin On Hill

Sam Molatto, 56, widely known Truckee resident, suffered painful first and second degree burns on his face and head and only escaped death by a matter of minutes Monday when fire razed his cabin dwelling near the state maintenance station in the eastern section of town.

Molatto, who was sleeping when the fire broke out in the rear of the dwelling, awakened and rushed to safety but not before he was severely burned.

The fire department responded to an alarm and brought the flames under control, although the building and all the contents, including the occupant's clothing and personal belongings were completely destroyed. Evidently a smoldering bit of inflammable material was left as the department left the scene, for the following morning at shortly after 2 o'clock, the second alarm sounded and the balance of the razed structure was demolished.

The building was owned by Joe Sanders, former Truckee resident now with the fish and game patrol in Sacramento.

Possibilities Of Skiing Olympics At Sugar Bowl Loom In Report

The Donner Summit's Sugar Bowl looms as a potential setting for the 1940 Winter Olympic skiing events, according to Joel Hildebrand, ski coach of the University of California, if Finland cancels the games because of war conditions in Europe.

Yosemite National Park has been named as an alternate run off for the games.

SURVEY CONTINUES ON PROPOSED LAKE TAHOE TUNNEL

RENO, Oct. 5.— Army engineers who are making high water control surveys of Lake Tahoe and the Truckee, Carson and Walker rivers, are reported also to be conducting a survey to determine the feasibility and cost of tunneling the mountains from Washoe Lake, south of Reno, to Lake Tahoe, a distance of four miles.

The proposal to tap Lake Tahoe with a tunnel on this side of the mountains has met with vigorous protest from Californians. It was first suggested about 30 years ago and recently was revived by reclamation engineers.

The surveys are being conducted in the vicinity of the Bowers mansion where the proposed tunnel would end.

YOUNG REPUBLICANS HOLD NEVADA MEET

Mr. and Mrs. Virgil Chapman and Mrs. W. H. West of Sacramento and Paul Ulrich of Chicago Park stopped in Truckee en route to a meeting of the Young Republicans of Nevada held in the Riverside Hotel at Reno Tuesday. Chapman is president of the California Young Republicans and Mrs. West is chairman of the women's division.

Appointed Chairman— Mrs. Glenn Robinson was appointed publicity chairman for the Wyethia Women's Club by Mrs. Laurence Zoebel, president.

In Berkeley— Mr. and Mrs. C. C. Campbell have established their home in Berkeley.

From Roseville— Leo Guidi came from Roseville to work over the weekend.

Will Visit Here

James A. Pardee

DISTRICT GOVERNOR OF ROTARY CLUBS TO VISIT TRUCKEE

James A. "Gus" Pardee, who is the governor of this district of Rotary International, will be in Truckee October 23 on his official visit to the Rotary Club of this city.

Pardee is an attorney at Susanville and a member of the club there. He was elected governor of the 105th district at Rotary's 30th annual convention in Cleveland last June.

President Vernon Pearson and Secretary Lloyd Green of the Truckee club and the other members will confer with Rotary Governor Pardee on matters of club administration and activities. The reception meeting will be held at the California cafe where the Rotary meets each Monday.

PARENT TEACHERS PLAN RECEPTION FOR TEACHERS HERE

The first regular meeting of the Truckee Union Parents and Teachers Association will be held Friday, October 6 at the Grammar school. The program for the year will be presented.

An invitation is extended to all to come and meet the teachers of the Truckee schools, who will be guests of the P. T. A. at the session. The meeting will be called at 7:30 p. m. and following the regular business entertainment and refreshments will be featured.

Mrs. E. G. Harris, president of the union, is arranging the reception and the committees to be featured are pre-school, membership, program and legislation.

Mrs. Harris has defined the P. T. A. as follows: A Parent-Teacher Association is a democracy in which all points of difference social, racial, religious and economics, are lost sight of in the united effort to reach a common goal—the welfare of all children.

FIRE PREVENTION WEEK PROCLAIMED BY GOVERNOR OLSON

SACRAMENTO, Oct. 5.— (UP)— Governor Culbert L. Olson today announced he had issued a proclamation setting aside the period between October 8 and 14 as fire prevention week.

"Too much attention cannot be given to the general and specific efforts to encourage people everywhere to support measures of private and public fire protection in order that habits of thoughtfulness and caution may avoid needless and destructive fires," Olson said.

Gets Deer— Harold Langille was rewarded with a deer as the result of a recent hunting expedition.

Leaving Here— Paul Teachins who recently left a Reno hospital following an operation, was in Truckee this week visiting local friends before going to his home in Michigan.

Truckee Man Dead— Donald W. Wade 55, died in the Nevada County hospital Saturday. The deceased was a resident of Truckee and had been ill for some time. Wade is survived by two sons living in Los Angeles.

Jury Attacks Architect Fee

Jury Dismissed As Report for Year Filed With Court

NEVADA CITY, Oct. 5.— After two days of meeting, receiving the report of Lyman M. Straine, certified public accountant, who audited the county books, and making up their yearly and final report for the year 1939, the Nevada County grand jury was dismissed by Superior Judge George L. Jones last week.

The report of the auditor was accepted by the grand jury and a final report submitted to Judge Jones as follows, in part:

We the grand jury of the County of Nevada for the year 1939 herewith submit our report and recommendations:

We received the report of our certified public accountant, Lyman M. Straine, gave it detailed consideration, accepted it, and placed it on file. Mr. Straine appeared before the grand jury in person and explained various features of it.

We examined the Preliminary County Budget for the fiscal year, ending June 30, 1940, and found every thing in order with the two following exceptions:

Referring to the expenditures for the Veterans' Building in Truckee, \$3,380 is itemized as architect's fees paid last year and \$1,000 is allowed for the purpose this year, making a total of \$4,380 for architect's fees for a building to cost \$24,000, more than 18 per cent. There is an item of \$1,000 allowed for inspection. This is more than double the amount usually apportioned for these two items of costs.

Last year, we commented on the excessive capital outlay for road machinery compared with the money spent on road maintenance. This budget allows \$12,233 for road machinery and \$27,525 for maintenance. Last year \$15,177 and \$31,577 was spent for these two items—half as much for capital outlay as for road maintenance. This is the result of providing each of the five supervisors with a complete outfit of road machinery, instead of putting one man in charge of all the roads of the county. We reiterate our recommendations to the supervisors which we made last year.

Upon investigation we find the new county courthouse completed as per specifications and contracts, accepted and paid for at a total cost of \$195,067.11

We find the conditions at the County Hospital greatly improved over last year, namely, more nurses, handling of maternity cases, burying of the dead by an undertaker, and a doctor to handle practically all cases at the County Hospital.

The sheriff's office and jails were examined and found to be kept in a very neat and satisfactory manner.

We found that work on the Truckee jail is underway. A new automatic heating system is being installed, new beds, toilets and bedding. The outside of the jail is being repaired, and the jail when finished will be in first class condition. The only matter as yet to be straightened out is that of taking care of the jail after it is completed, as the constable at Truckee absolutely refuses to take care of it. He will only take care of the prisoners he himself places in the jail. This condition is now being taken under consideration by the county clerk and district attorney and will no doubt be worked out to a successful conclusion.

The report added that the offices in the court house had been inspected and everything was found to be in good order, with a few minor recommendations offered.

The report was signed by Thomas Casey as foreman and Rose D. Hubbard, secretary.

SON IS BORN

Mr. and Mrs. William Daniels of Reno, are the parents of a son born Saturday in Reno. Mrs. Daniels was Miss Julia Cozzallo of Truckee.

SHOP IN TRUCKEE

LIONS CLUB WILL OBSERVE CHARTER NIGHT OCTOBER 28

Charter Night for the Truckee Lions club, an outstanding annual event for the past nine years, will be celebrated on Saturday, October 28, preceding the annual Halloween ball sponsored by the Truckee Fire Department.

This was decided at last night's meeting of the service club which was featured by an interesting and educational talk on Air Express given by L. R. Burke, traveling commercial agent for the Railway Express company, who with A. D. Akerman, and H. E. Scruggs, both of Reno, was the guest of N. F. Dolley, local express agent.

Leo Baisden, district governor of the Lions, of Sacramento, will be invited as the guest speaker for the charter night. William Englehart, Jr., is chairman of the committee on arrangements.

Verne Pearson, president of the Truckee Rotary Club, was a guest of President Walter Barrett of the Lions at the meeting and spoke briefly.

C. Edmunds, chairman of the fair exhibit committee gave a favorable report.

HISTORY OF THIS AREA WILL BE PRINTED IN SIERRA SUN SOON

Starting with next week's issue, The Sierra Sun will be pleased to present the first of a series of articles on the early history of Truckee to be taken from Edward's Tourist Guide and Directory of The Truckee Basin, published in 1883 by W. F. Edwards, one time editor of the Truckee Republican and Charles D. Irons, compiler.

We were fortunate in being allowed the use of the interesting and valuable material by C. H. Weeks, who owns the volume.

The story traces the history of Truckee from the gold rush days.

FAMED RAILROAD OF HOBART GOES INTO OBLIVION

One of the last of California's narrow gauge mountain railroads from which at least one locomotive graduated to stardom in Western motion pictures, has passed into oblivion.

The line was the Hobart Southern, used for hauling lumber from the Hobart Mills area in the Sierra to the main line of the Southern Pacific in Truckee.

On its rails once ran the J. W. Bowker, an antique engine used in Union Pacific and other movies.

The last of 10 engines the line once boasted, the W. S. Hobart, was used in tearing up the rails of the road and now is stored in Truckee still in good running order and decorated with a for sale sign.

LAST RITES HELD IN MODESTO FOR MRS. HARRY FRENCH

Mrs. Florence French passed away in the Sonora hospital Sunday, September 24, following an operation necessitated by an intestinal trouble. She is survived by her husband, Harry French of Standard where they had lived since leaving Hobart Mills more than two years ago. Mrs. French was also survived by her mother and two sisters of Modesto.

The Frenchs were well known residents of Hobart Mills where they had resided for about 12 years before the sawmill operations ceased.

The funeral was held at Modesto on Tuesday following her death and was attended by many former residents of Hobart Mills.

New State Patrolman Here To Replace Sgt. McKeen

State Patrolman Ellis McCann with Mrs. McCann and children, Robert and Mary, arrived here last week to make their home. McCann has assumed his duties on the local squad of the state patrol replacing Sergeant Charles McKeen who is studying in the east. The McCann family has lived for many years in Tracy. Mary is attending high school and Robert is enrolled in the grammar school.

Truckee Wins Fair Awards In Grass Valley

Both Booths Given Fourth In Awards At County Fair

INDIVIDUAL WINNERS

Attention Attracted To This Reg on By Displays At Exhibit

Truckee entered the Nevada county fair held in Grass Valley last weekend with abundant enthusiasm and two booths sponsored by the Truckee Lions Club and several individuals reaped the reward for their efforts.

Because of the rain on Sunday, arrangements were immediately concluded by President E. K. Smart and the directors, including C. Edmunds of Truckee, with Ed Paine and E. V. A. Harris, representing Trevis Paine, to present the horse show Sunday, October 22, at the same location in Grass Valley but with two day shows replacing the previously scheduled afternoon and evening performance.

The two booths sponsored by the Lions Club, under a committee comprising Edmunds, W. M. Englehart, Jr., and Rev. J. G. E. Keetch, each won a fourth place, a \$100 award, less the \$25 entrance fee, being paid for each. Much favorable comment from the public was gained by the attractive displays, one being arranged by the officers of the state quarantine station near here and the other erected by Englehart, depicting the natural resources of the area.

Among the individual award winners were Mrs. R. P. Bick who was first with mustard pickles and also first with fudge candy; Mrs. C. B. White who was second with divinity fudge and second with a home made white layer cake with dark icing. Third place for dark fruit cakes went to Mrs. C. Edmunds and Mrs. Annie Tonini was awarded third for a home made sponge cake.

A large number of Truckee people attended the show.

Booth winners were Nevada City, first; Union Hill, second; Grass Valley, third and Truckee, fourth.

Farm Center and Grange booths awards went to Banner Grange, first; Peardale, second; Lime Kiln Farm Center, third and Truckee fourth.

DRUNK DRIVER IS FINED IN COURT HERE

John Hamalin, 40, San Francisco janitor, arrested Saturday night by Deputy Sheriff N. F. Dolley on a charge of driving while intoxicated, was fined \$50 when he appeared before Justice of the Peace C. E. Smith Sunday. The car driven by the defendant allegedly struck three other cars in the vicinity of the border quarantine station. None was badly damaged. Dolley was called and took the man into custody.

Patrons of Lodge Are Feted at Local Affair

Patrons were entertained by Truckee Chapter No. 116, O. E. S. on Tuesday evening. Following the routine business, games were played with Mrs. Jennie Canady winning the guessing contest and Mrs. Eliza Camp bell first prize and G. E. Hofmann low at Dutch whist. Mrs. Hannah Stewart and Mrs. Clara Green were on the entertainment committee and Mrs. Phoebe Darlin, Mrs. Justine Pingree and Mrs. Naomi Hursey served refreshment. The beautifully decorated tables and the banquet room were in Halloween colors. The opening ceremonies were conducted by past officers with Mrs. Henrietta Weeks acting as worthy matron.

Return from Maine—

Mr. and Mrs. F. O. Tompkins of Grass Valley returned here last week after a five weeks' trip to Maine and other New England states. They report that conditions in the east are unfavorable as compared to California. The visitors were here with Mr. and Mrs. A. C. Barrick.

EDITORIALS

DON'T DO THAT

We should not trade American youth for foreign dollars. To repeal the arms embargo is a bid for foreign dollars or more than likely notes or bills of exchange which we will have to pay at the highly probable cost of the lives of millions of America's finest young people.

Every mother and father in the United States should register a protest against the repeal of the arms embargo. The munition makers will not be in the front lines. Don't trade your boy or girl for European dollars. If there are political mistakes to be covered up, don't let them use American blood to cover it with. Take heed of the words of the President delivered at Chataqua, N. Y., in 1936, when he said:

"Nevertheless, if war should break out again in another continent, let us not blink the fact that we would find in this country thousands of Americans who, seeking immediate riches—fool's gold—would attempt to break down or evade our neutrality. They would tell you—and, unfortunately, their views would get wide publicity—that if they could produce and ship this and that and the other article to belligerent nations, the unemployed of America would all find work."

WHERE ARE THE MISSING VOTERS?

Among the large array of facts and figures and rumors concerning the special election to be held November 7, emerges the forecast that 2,625,000 persons, out of a possible registration of 3,750,000 will go to the polls to cast their votes and for the million who will not vote, we wonder.

A seventy per cent vote is not enough when it is imperative that 100 per cent vote be cast. There is no reason why every citizen should not vote, who is qualified, as it will be a direct drain of \$625 a year from the purse of each individual to support the 30-Thursdays pension scheme, if it is made a law by the people of California.

ATTACKS "COW COUNTIES"

"Eliminate the Senate which is dominated by the 'cow counties,'" declared Assemblyman Atkinson in a Los Angeles speech this week.

This lad Atkinson, youngest member of the assembly, is noted for taking on big jobs and his desire to eliminate senatorial representatives from the agricultural and rural areas of California is in line with his visions of personal power.

He is notable for his "front" for the administrations oil control bill.

If the voters swallow that one Atkinson can then devote all of his energies in the purge of the "cow counties."

The United States is said to possess fifty-eight per cent of the world's visible gold supply but you can't see it.

Labor in America wants no war nor any part of war. Labor wants the right to work and live—not the privilege of dying by gunshot or poison gas to sustain the mental errors of current statesmen.—John L. Lewis, CIO head.

Less than half the teachers in in the United States are married, according to a recent survey. Which shows what education does for women.—Salina, Kan., Journal.

Eighty-three per cent of the people polled in a recent survey conducted by the Parent-Teacher Association of Corpus Christi, Texas, voted newspaper advertising first in "influencing them most" in doing their buying. The year before, in a similar survey, seventy-five per cent of the replies voted newspapers first. —Corpus Christi Caller-Times.

Politically Speaking

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, Oct. 5 —(UP)—Gov. Culbert Olson's proposal for establishment of a state bank has come in for considerable discussion at the Capitol, along with the impending \$30-every-Thursdays election and the state's current cash shortage.

The three subjects are pretty much related, since the state's financial trouble is being generally blamed on the threat of "Ham and Eggs" and the bank plan is advocated by Olson as a solution of the problem of where next month's payroll is coming from.

The discussion is more or less academic, however, because most Capitol observers agree that a state bank—like the governor's earlier proposal for a one-house legislature—could not be put across to the people without a long promotional campaign.

Olson didn't go into detail on just what kind of a financial institution he had in mind, but one of his financial advisers said one function would be to purchase tax anticipation warrants, which would have been turned down by the banks in recent weeks.

Aside from leaving the state without funds for current operating expenses, the present private financing procedure costs the state enormous sums of money in interest, this official pointed out.

"For instance," he said, "at the three per cent the state is willing to pay on warrants at the present time, it would cost nearly \$1,500,000 to carry along for one year the \$48,000,000 deficit which we inherited from the previous administration."

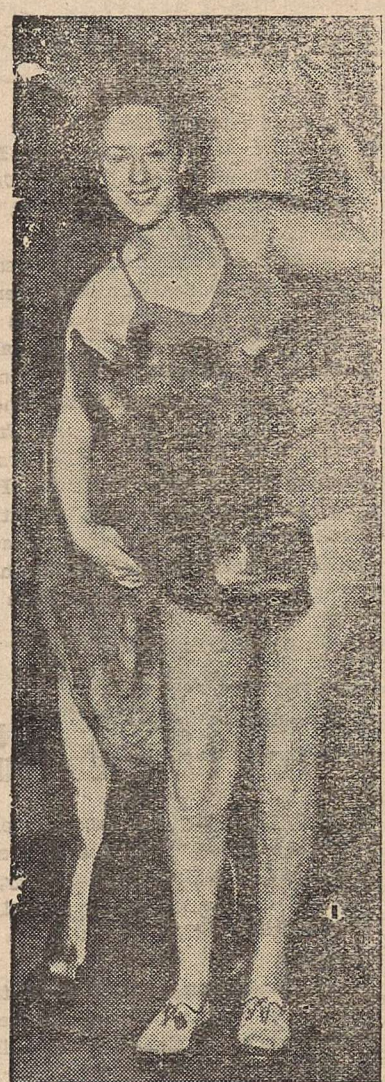

Most of this total is now carried through warrant issues bearing less than three per cent interest, but it may be necessary to refinance the indebtedness at even higher rates.

State Treasurer Charles G. Johnson, however, vigorously condemned the state bank proposal on grounds that California already has, in the state treasury, "a practical operating bank, sufficient unto every practical purpose."

Johnson pointed out that interest earnings of the treasurer's office during his administration total approximately \$27,000,000, obtained through deposits of idle state funds.

Presumably the proposed state bank would obtain money for tax anticipation financing through a pooling of

Suit Is Filed To Clear Title on Tahoe Lands

AUBURN, Cal., Oct. 5—Mrs. May Belle Fleishacker of San Francisco has filed an action in the superior court to quiet title to the Fleishacker summer home at Lake Tahoe. The plaintiff is the wife of Herbert Fleishacker, former San Francisco banker.

Sterling Carr, San Francisco attorney, and Mr. and Mrs. F. B. Fancher are named defendant.

Invented the Rocking Chair

Credit for the invention of the rocking chair goes to Benjamin Franklin, who is responsible for so many of the things that make everyday life pleasanter. The story goes that Franklin took a slat-back chair and whittled out a pair of rockers for it, so he could really loll in leisure. Though, truth to tell, it's hard to believe that the versatile Philadelphia rocker away much of his life. This rocker was first made about 1750, and by 1800 it was widely used and continued to be a popular American custom till recent years. It has never been used much anywhere but in America.

Tropical or Solar Year

The tropical or civil year, also sometimes called the solar year, is the time in which the sun moves from the vernal equinox to the vernal equinox again. Its mean length is 365 days, 5 hours, 48 minutes and 49.7 seconds.

Interest rate, since they comprise a majority of the state interest committee, of which Olson is the third member.

The two Republican officials, however, chose to give the chief executive full control of his administration's financial policies, perhaps to avoid any implication that they were "playing politics" with a grave state emergency.

Tahoe Ramblings

(by SWANEE)

Mrs. John Reedy of Timberland, accompanied by her sister, Miss Anne McDonald of Stockton, who has been summering with her, left on Sunday for a few days in San Francisco where Mrs. Reedy will give some attention to troublesome teeth.

Sunday, October 1 marked the last day upon which services were held at the Catholic chapel near the Tavern. Members are requested from now on to attend the 9 o'clock services in Truckee each Sunday.

Mr. and Mrs. Robert Adams and two sons, Tommy and Bobby are back from the northern part of the state for a visit at Tahoe. Their plans for the winter are indefinite.

Mr. and Mrs. Thomas Millard of San Francisco and Mr. and Mrs. Clark of Burlingame departed for their home on Sunday following a week's vacation at the Schmiedell's summer estate in the Sunnyside area.

Mr. and Mrs. George Gates of Timberland tract will live at the M. C. Milton estate this winter serving as caretakers in place of Mr. and Mrs. J. McGee who have left for the bay region.

Mrs. Tejas Edwards this week has offered her services as instructor for an advanced Bible class in the community hall or in the library if permission is received. No regular church services are held at Tahoe during the winter and such services would prove a valuable asset to the youth of the region. The only drawback is the necessity for heating the rooms.

Mrs. Fred Werner of Newcastle who spends much of her spare time at her summer cottage in Lake Forest had the misfortune of having her home, barn and outbuildings at her Newcastle ranch home burned to the ground some three weeks ago. The loss was estimated at \$9,000, partly covered by insurance. The Werners are now building a new home and barn.

Mrs. Leta Hull left last week to remain at the bedside of her mother Mrs. J. W. Cramer, who was seriously injured in an automobile accident near Pomona several weeks ago. The injured woman, believed on the road to recovery has been removed to the hospital and will be required to stay in a cast for some time.

Mr. and Mrs. Ed Wagner of Lake Forest Auto Camp have added an additional lot to the south of their attractive property. Grace LaRue also purchased two lots across from the old Murray Smith home next to the Wagners.

The Wagners this week are starting additional alterations to their camp, adding rooms and modern plumbing to several units. During the summer Mrs. Wagner noted automobile licenses from seven states parked on the grounds indicating the increasing popularity Tahoe is enjoying.

Tahoe residents awoke Monday to view the surrounding mountain peaks etched in fresh snow. Heavy rains that were falling gradually transformed into snow and a white blanket remained on the landscape for a short time. On Monday the lake level stood at 6225.43 with .71 of an inch of precipitation registered for the Sunday storm. The number of CSF of water leaving the gate was 389.

The John Spencers of Lake Forest are making an addition to their cottage in the Lake Forest district.

John Spencer will have charge of the stone work at the Swiss Chalet at the Sugar Bowl on Donner summit.

Word came from Dr. and Mrs. George C. Hensel of San Francisco that he will be head of the new Carrie Tingley hospital at Hot Spring New Mexico. The Hensels have a summer home at Tahoe.

Among those closing their homes and departing for the city residences this week were Dr. and Mrs. Henry Searles of the Fulton tract; Frederick Klamp and party of Hollywood; Mr. and Mrs. G. Rollins of Lake Forest; Mr. and Mrs. Jack Bell of Tahoe City; Mr. and Mrs. Elmer Burt of San Francisco, up for the weekend to close their home at Cedar Flat; Mr. and Mrs. Ed Hills of Brockway, and the J. L. Debenedetti, Srs., of Sunnyside who plan to leave for their San Mateo home on Wednesday.

Carl Brooks of Grass Valley visited at the home of his sister, Mrs. Bud Mandeville at Brockway over the weekend.

Mrs. Henry Wehrman and Mrs. Ethel Vernon were Auburn visitors on Saturday. The Wehrmans are driving a new car this week.

Miss Donaldine Grass of Sacramento enjoyed the weekend at her summer cottage atop the Dollar Hill accompanied by friends.

State Patrolman To Be Stationed Year 'round On Tahoe's Highways

TAHOE CITY, Oct. 5.—Gene Walker, Tahoe's genial highway patrolman received word last week from Captain Charles LaPorte of Roseville that from now on Walker will be stationed at Tahoe the year round, a ruling which in an innovation in this region. Efforts have been made to retain a patrolman here during the winter and Tahoe residents are agreeably surprised to have their own hometown boy given the job. Gene was born and raised on the old Bar X ranch home of his father and is perhaps more familiar with Tahoe and its environs than many other men on the lake. Only last fall he was responsible for a posse finding two lost children in the reliction back of Tahoe. The appointment comes after five years of service with the patrol.

WOMAN PREPARES MODEL HOME FOR WINTER RESIDENCE

TAHOE CITY, Oct. 5.—Jack Malcolm is engaged at present in one of the most unusual jobs ever attempted in the Tahoe region. He is remodeling and installing extensive improvements at the W. P. Davis home situated on the slopes above Cedar Flat. Mrs. Davis contemplates spending the winter at her home there with only her two year old son and a maid for companions. Davis, in the east for the present on business, plans to spend an occasional period of a week or ten days with Mrs. Davis during the winter, but if Tahoe is visited by one of those extremely heavy winters the visits will be difficult.

A special room, designed to exclude freezing temperatures, has been built to house the food supply alone and a huge water tank is to be filled with water for winter use, a new process of forcing oxygen through the water to keep it fresh being employed as the water there is usually shut off sometime during October.

Heating the house will be accomplished with an oil heating system, a fireplace being handy for log fires.

Mary K. Reed and Mary Sala of Reno were visitors at the N. R. Mayfield home in Tahoe City Saturday. The Monet Hamiltons have decided against riding a motorcycle to Missouri following a test trip to Sacramento on Sunday by Monet, Jr. They are convinced some other method of transportation would offer greater comfort.

Henry F. Droste is back in Tahoe again following a few wdays absence at his Oakland home.

Mr. and Mrs. Ernest Beauvais of Tahoe City will occupy the old C. T. Bliss home near town for the winter.

Donors of books during the past few weeks to the local library include Kerwin Foley of Nevada; Mrs. C. O. Valentine and Mrs. Dave Chambers. Mr. Valentine donated a number of choice old pictures taken in the early days at Tahoe to augment the historical scenes in the book loaned the library by Mrs. George Bliss.

Mrs. C. O. Valentine entertained children of the grammar school from the Tahoe Lake school on Friday at her home. The pet bull pup, Barney created a laugh panic among the youngsters by his willing display of cleverly mastered tricks.

A 27 inch trout was landed at the Charles Merrill estate in town last week, according to a report by Sam Myers, caretaker. The name of the fisherman remains a mystery.

Weekend visitors at Tahoe were Brooks Walker and Mr. and Mrs. Wellington Henderson of San Francisco.

Jack Starratt Anderson, son of Mr. and Mrs. A. M. Anderson of Tahoe is looking forward to an interesting winter according to present plans. He will leave for Flagstaff, Arizona, where the altitude hovers around 6300 feet, as soon as snow flies, to conduct a joint enterprise with his schoolmate at the University of Nevada, Leo McCuddin, both boys graduating last May. Jack will assist his friend, son of a prominent Arizona contractor, in the establishment of a new skiing resort, having charge of an eating concession and the sports goods shop as well as serving as an instructor.

Mr. and Mrs. Charles Steffens of Tahoe City will occupy the cottage at the rear of the new King building for the winter.

Mr. and Mrs. Ben Stanley have rented an apartment in the old Bickford home near the golf links for the winter.

Captain and Mrs. John Kvistberg en route east following a visit at Tahoe this week sent folders from Grand Canyon indicating a leisurely sightseeing trip s being enjoyed.

Mr. and Mrs. Frank Nice are occupying a cottage in the circle at Tahoe City.

BUILDING AT TAHOE CONTINUES ACTIVE SURVEY REVEALS

TAHOE CITY, Oct. 5.—Building at Lake Tahoe has maintained a steady pace throughout the summer, despite depression in some quarters. Norman Mayfield, contractor, has been kept busy and is still engaged in remodeling and new construction. His crews have recently completed the new boat house for the Scott estate at Tahoe Park, recently swept by fire.

At the C. D. Wood home near Tahoma a new combination boat house and living quarters above, and pier have been finished.

A Rubicon Beach home is being started for Miss Elsie Schilling of San Francisco, the foundation, nearly a hundred feet long, already in. It is planned to close in the building this fall, weather permitting, the finishing to be resumed in the spring.

The Sweetland guest cottage on the lakeshore just below their hilltop home, is also completed along with a new boatlanding pier.

Extensive remodeling is being done at the home of Miss Henrietta Moffatt near Cal Neva by the Mayfield carpenters and a retaining wall is being ginstalled at the tennis courts jointly owned by Ed Hills and J. H. Threlkelds of Brockway.

Mr. and Mrs. Frank Freese left a week ago for Eugene, Oregon, where they are visiting relatives. They plan to visit with Mrs. Freese's mother at Santa Rosa before returning from their vacation.

Equipment for the woodwork shop at the Tahoe high school has arrived from Auburn and has been installed. Classes are held under guidance of Bernard Corrigan, Tahoe instructor.

Two high school pupils are leaving Tahoe for the winter with their par-

FIRST SHIPMENT OF MEMORIAL BOOKS ARRIVES AT TAHOE

TAHOE CITY, Oct. 5.—The first installment of books for the William and Margaret Pomin Memorial Library to be installed in the Tahoe Lake school, arrived on Monday morning. The project is being sponsored by Mrs. Etta Pomin of San Francisco in memory of her husband's father and mother, early day pioneers at Tahoe.

Frow time to time, Mrs. Pomin will add choice books to the collection, the original group when completed to number around 150 books. The nucleus will be composed of books for the very young, the high school student and the adult, a wide range of choice including fiction, non fiction histories and biographies.

Professor Henry Hinkle was named to make a choice of the reading material. A dedication ceremony will be held at a later date when more books are in place.

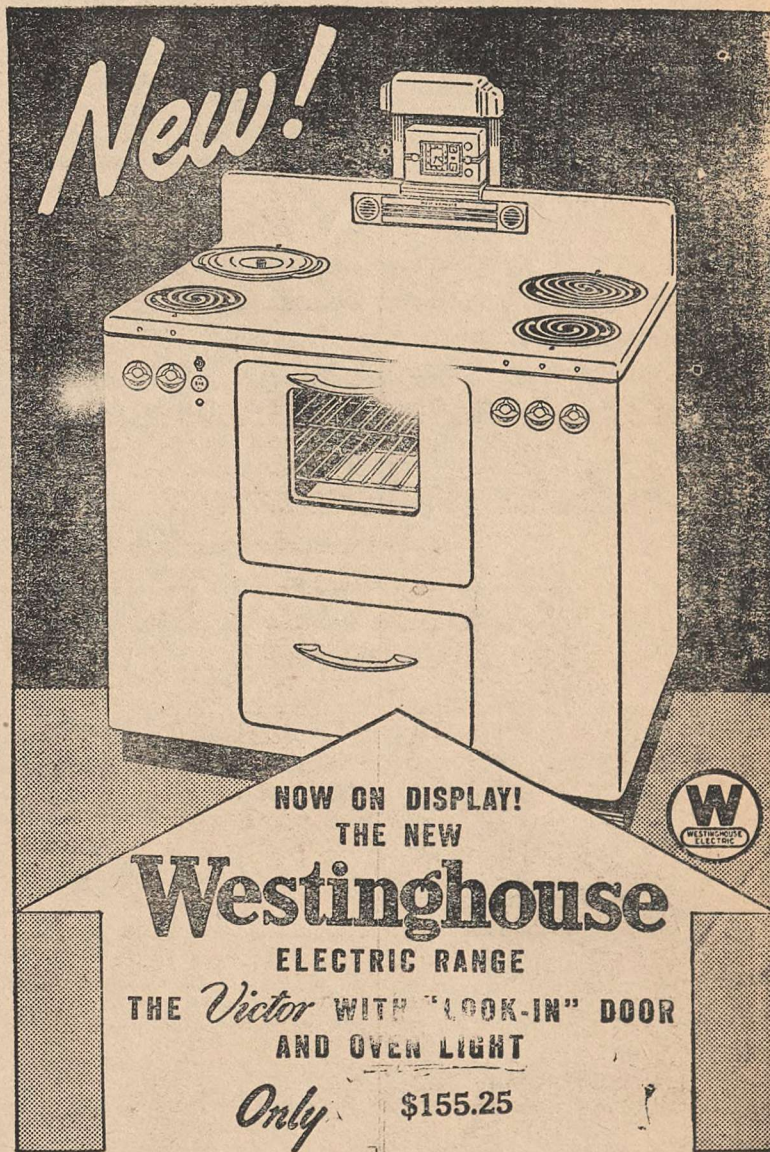

TAHOE DRUGGIST MARRIES BAY GIRL IN SAN FRANCISCO

TAHOE CITY, Oct. 5.—A local wedding of interest last week was that of Charles Shalz, son of Mr. and Mrs. W. J. Shalz of Chico and Miss Josephine Little of San Francisco, daughter of Dr. and Mrs. Paul Little. The couple attended University of California together and were married September 23 in San Francisco. Dr. Little officiated. The newlyweds are residing in Tahoe City where Shalz is employed at the Loynd Drug store.

ents, Everett Peterson of Tahoe Vista to move to Half Moon Bay and Jane David of Kings Beach to leave this week.

Strength in All Rumors
There is truth under some rumors. That is what lends strength to all rumors.

Candle Lighting Costly
To light a home with tallow candles to the extent that it is lighted with electric lighting would be 50 times as expensive.

"WE LIVE IN A LIGHT HOUSE"

A home in order to be properly lighted does not have to be ablaze with light. Modern Sight-Saving light simply means providing the right amount of light and the right kind of light for Seeing, Comfort and Beauty wherever eyes are used for work or play. You can make your home a house of Better Light for surprisingly little money. Why not try out Better Light in one room, with an I.E.S. Study Lamp in your child's bedroom? Remember good light today costs less than ever before.

Fair Court of Seven Seas

Ruled over by the stately 400-foot Tower of the Sun, the beautiful Court of the Seven Seas at the Golden Gate International Exposition is a favorite with fairgoers. Soft colored streamers dangle in the gentle breeze as they stretch from the crows' nests that mark the Court, down to the bottom of the masts. Each mast serves as a memorial to the gallant ships of the old sail days that built up American supremacy on the Pacific seas.

PROCLAMATION

Prospects of another world war, a conflict which has already engulfed Europe—and with the resultant unrest and fear in other nations of the earth; American newspapers today, as never before, are charged with the gravest responsibility—the responsibility of disseminating facts from propaganda which always comes from nations in conflict.

Through factual presentation of happenings at home and abroad, through a critical yet cooperative editorial attitude toward public affairs, the newspapers can be of tremendous and far-reaching service to the whole of civilization.

Our constitutional guarantee of freedom imposes greater responsibilities than ever before upon the newspapers of our country.

Honesty of editorial opinion—unselfishness and intelligent and clear-cut presentation of the news, constitute the foundations of a free press.

In view of these sentiments and in recognition of the powerful position occupied by the press in our daily life, it is fitting that a period be set aside for the people to take stock of the manner in which the newspapers of California are performing their duties with respect to fair and unbiased treatment of the news.

Now, therefore, I, Culbert L. Olson, Governor of California, do hereby proclaim the week of October 8th to 14th, inclusive, as "Newspaper Week" in California.

CULBERT L. OLSON, Governor of California

Boys Asking for Home Making School Classes

SACRAMENTO, Oct. 5 —(UP)—A demand by California high school boys for training in "homemaking" classes has far exceeded the facilities for supplying the training, the department of education reports.

The report said the boys "are insistent upon receiving preparations for social acceptance and to meet the many economic problems of present day society." More than 5000

Making Maple Syrup

The amount of maple sap required to make one gallon of maple syrup varies with the trees, the location and the season, according to a bulletin of the United States department of agriculture. But in a normal year a barrel of sap—32 gallons—should produce a gallon of syrup. In many camps, and for many years, it takes as much as 50 gallons of sap to make a gallon of syrup.

boys were enrolled in home making classes in the past year.

POLISH DAY WILL BE CELEBRATED ON TREASURE ISLAND

TREASURE ISLAND ON SAN FRANCISCO BAY, Oct. 5—While their mother country is being invaded by two European powers, Polish residents of the Pacific coast will celebrate Poland Day at the Golden Gate International Exposition Saturday, October 7.

The bursting of shells over Warsaw and the whine of aerial bombs will have here for their counterpart the music of taut strings and the laughter of little children.

"Regardless of the sad plight of our country, the Polish people of the west are determined to celebrate Poland Day at the Fair," declared Stanley Walczak, the Polish Society's chairman of arrangements.

In spite of the current destruction of Poland, the day's program will contain no organized anti-enemy theme, but Polish-Americans will, rather, be more intent in showing the world that in America, at least, the Poles remain intact and free. Walczak said.

Principal events will be held in Festival Hall from 2:30 to 4:30 p. m. Polish movies were scheduled to be shown, but at last word the films were held up in Poland on account of the war.

Singing, folk dancing and a variety of old-country entertainment will be presented in Festival Hall. Jerzy Czaplicki, Chicago Opera Company soloist, will sing and songs will be heard from Sonja Wyzlic and Eugeniusz Stockowiak of San Francisco. A violin solo will be played by the noted Polish musician Konstancja Krokowska.

DEATHS IN STATE SHOW INCREASE

SACRAMENTO, Oct. 5 —(UP)—Deaths in California showed a numerical increase of 437 during the first six months of 1939 over the same period of 1938, the state department of public health reported.

The total number of deaths in the state during the period was 39,029, it was reported. Rural areas, how-

Deeble Ill—

Deputy County Clerk Ralph Deeble was reported ill at his home from a recurrence of influenza.

Leave for South—

Mr. and Mrs. W. C. Winslow and son left their home on the Truckee river and have moved to the south.

Supervisor Robbed—

Sheriff C. J. Tobiasen investigated in Marysville to locate a band of gypsies who were reported to have robbed Supervisor C. S. Arbogast of \$156 in currency at his Nevada City home last week.

Reciprocal Agreement In Traffic of Commercial Vehicles Is Confusing

State Director of Motor Vehicles Howard R. Philbrick was advised this week by Attorney General Earl Warren that commercial vehicles from Nevada can operate on California highways without paying fees, but Oregon commercial vehicles must pay registration and weight fees.

Warren stated that California has the right to extend reciprocal privileges to vehicles registered in states that extend similar privileges to California cars. The privileges, however, do not apply to privately owned motor vehicles driven across state lines. Philbrick commented:

We are seeking from other states the same privileges which we are glad to extend when they operate their vehicles in California.

Reciprocal privileges misunderstandings in the past have caused considerable difficulty and the loss of fees to California.

Lake Erie Most Dangerous

Lake Erie, on account of its comparative shallowness, is considered by some authorities as the most dangerous. J. C. Mills in "Our Inland Seas" mentions that "With its long record of shipwreck and death, surpassed by none of the larger upper lakes, Lake Erie is appropriately termed the marine graveyard of the inland seas."
